EDUCATION BACKGROUND

- Associate Professor, 23 January 2013
- PhD. from University of Western Brittany in Telecommunications and IT, La petite Bretagne, Brest France, 2007.
- Master Degree from Rouen University, Normandy, Rouen, France, 2004.
- Engineer Diploma with "honours" in Telecommunications Engineering and Electronics from the St. Petersburg state University of Telecommunications, St. Petersburg, Russia, 1990.
- Certificate in Modern Telecommunications Networks Management (MTNM98), from Telia Academy, Kalmar Sweden, 1980.

PROFESSIONAL EXPERIENCE

2017 - Ongoing	Lecturer and Researcher in Canadian Institute of Technology (CIT), Tirana.
2008 - 2017	Lecturer and Researcher in Sana'a University, Faculty of Engineering, Yemen.
2008 - 2012	Responsible of superior education in the electrical engineering department, Responsible of cooperation with French Universities, Canadian University in Dubai - UAE and University of Moncton, Canada. Yemen.
1990 - 2002	Senior Telecom Engineer in Public Telecommunications Corporation from and Alcatel branch Yemen – Yemen – Sana'a

SUBJECTS TAUGHT

Telecommunication Networks	Wireless Communications
Digital Communications	Optical Communications
Data Communications and Networking	Analogue Signal Processing and Systems
Digital Signal Processing and Systems	Data Compression
Digital Image Processing	Optical Communications Systems
Optical Image Processing	Advanced Project Management

RESEARCH AREA

Image Processing, Optics, Radio Frequency Radiation, Renewable Energy
