Study with McGraw Hill, one of the biggest educational publishers in the world.

Improve your English skills and increase employment opportunities by gaining access to an international career.

A connected and supportive network

Teaching process is based on the best international educational practices, empowering graduates with creative, innovative, entrepreneurial skills, and a passion for knowledge.

# WHY BACHELOR IN FINANCE AND ACCOUNTING

A Bachelor's degree in Finance and Accounting is an undergraduate program that prepares students for entry-level positions in the financial industry. It provides a solid foundation in finance and accounting principles, including financial analysis, reporting, and management.

The curriculum includes courses in financial accounting, managerial accounting, financial management, investments, and financial statement analysis. The degree in Finance and Accounting aims to train professionals who are going to pursue careers in areas of investment analysis and management, banking, auditing, consulting and financial management. Practical experience is essential, and students often complete internships or other hands-on opportunities.

A Bachelor's degree in Finance and Accounting provides the knowledge and skills needed for a rewarding career in a dynamic and growing field.

# TARGET SKILLS

By the time of graduation, students in the Bachelor Finance and Accounting program will be able to:

Use the principles and theories of financial accounting, taxation, management accounting, and auditing in professional settings.

Prepare financial and budget reports.

Analyze financial performance.

Use data visualization tools to evaluate control systems and explain business processes.

Use analytics and data visualization technologies to support accounting data analysis and decision-making.

Design and use accounting systems and databases.

Identify an accounting problem or issue to be addressed.

Evaluate technical information relevant to the problem or issue.

Identify ethical issues relevant to accounting, including policies, codes of conduct, laws, and compliance requirements.

Evaluate the ethical impact of decision alternatives.

# TYPICAL CAREER OPPORTUNITIES

There are many career opportunities available for individuals with a finance and accounting degree and graduates can find success in a wide variety of industries, from government to non-profit to private corporations. Here are some job positions that are commonly available for Finance and Accounting graduates

- Entrepreneurship

### • **Internship**

The Internship Course takes place in the third year of bachelor studies, spanning 4 weeks (120 hours) and earning 6 ECTS credits. It offers practical experience in real-world scenarios, enhancing critical thinking, innovation, and design skills. Through collaboration with professionals, students learn to address challenges, meet objectives, and explore novel ideas in commercial devices, systems, or software. The internship should align closely with their field of study.

### Objectives of the Internship Course:

- a. Bridge the gap between theory and practical implementation.
- b. Cultivate skills within a professional work environment.
- c. Provide valuable job market experience.
- d. Contribute to market-related opportunities.

### • **Thesis**

The undergraduate diploma thesis is a vital part of the final semester in the Business Administration first-cycle program, worth 6 credits. It can be completed alongside other third-year requirements and serves as the ultimate step in the first-cycle studies upon submission and defense. Fulfilling the thesis requirement is essential for obtaining the diploma and involves individual research during the final year. This thesis also has the potential to influence future master's studies and career choices.

# HOW TO APPLY

## Bachelor's Programs (National Students)

The first step to become a student at CIT is to complete the application form, which is available at [www.cit.edu.al](http://www.cit.edu.al). An Admissions Officer will then contact you to provide further details about the pre-registration process and the required documents for this stage.

**NOTE:** Completing the A1/A1Z form on e-Albania portal and the online form in U-Albania portal are fundamental steps for your enrollment.

### Admission Criteria

To be admitted to the bachelor's study programs, the candidate must have:

- Successfully completed high school;
- A high school GPA of 6.5 and above;
- Demonstrated English language proficiency at the B1 level or higher.

All high school students must include University College "Canadian Institute of Technology" as one of their 10 choices in the U-Albania System to register at our university.

---

## Bachelor's Programs (International Students)

The first step to become a student at CIT is to complete the application form, which is available at [www.cit.edu.al](http://www.cit.edu.al). An Admissions Officer will then contact you to provide further details about the pre-registration process and the required documents for this stage.

### Admission Criteria

To be admitted to the bachelor's study programs, international candidates must meet the following requirements:

- Hold a high school diploma recognized by the Albanian Education Service Center;
- A high school GPA of 6.5 and above;
- Demonstrated English language proficiency at the B1 level or higher.

International students are required to apply to the Albanian Education Service Center (QSHA) for the recognition of their high school diplomas.
