Improve your English skills and increase employment opportunities by gaining access to an international career.

A connected and supportive network.

Teaching process is based on the best international educational practices, empowering graduates with creative, innovative, entrepreneurial skills, and a passion for knowledge.

# WHY MASTERS IN FINANCE AND ACCOUNTING

## Finance and Banking Profile

A Master's degree in Finance and Accounting with a Finance and Banking profile is a graduate-level program that prepares students for careers in the financial industry, including banking, investment management, and corporate finance. This program provides students with advanced knowledge and skills in finance and banking, which are essential for success in today's complex financial markets.

The curriculum of this Master's degree program includes courses in financial analysis, portfolio management, financial modeling, risk management, and financial regulation. Students also have the opportunity to specialize in areas such as investment banking, corporate finance, or international finance.

In addition to classroom learning, students in this program are typically required to complete a capstone project or internship, which provides hands-on experience in finance and banking. This practical experience is essential for preparing students for the real-world challenges of the financial industry. Upon completion of a Master's degree MFA in Finance and Banking, graduates are prepared for a wide range of career opportunities, including positions in investment banking, commercial banking, asset management, and financial consulting. They may also choose to pursue careers in related fields such as corporate finance, risk management, or financial analysis.

Overall, a Master's degree in Finance and Banking provides students with the knowledge and skills they need to succeed in the financial industry, and prepares them for a rewarding career in a dynamic and growing field.

# TARGET SKILLS

By the time of graduation, students in the Master of Science in Finance and Banking profile will be able to:

Critically evaluate financial statement information.

# HOW TO APPLY

## Master of Science Program (National Students)

The first step to admission in a Master's program at CIT is to complete the application form, which is available at [www.cit.edu.al](http://www.cit.edu.al). An Admissions Officer will then contact you to provide further details about the pre-registration process and the required documents for this stage.

### Admission Criteria

The Canadian Institute of Technology requires all candidates to fill out an application form in order to be accepted in one of the Master of Science programs. This form can be filled out on-line or in the premises of the Admission Office.

Students will be eligible for admission to one of the Master's programs if they meet the following criteria:

- Have successfully completed their studies in the Republic of Albania and obtained the relevant diploma, from a first study cycle "Bachelor" program or an integrated second study cycle program, accredited at the moment of the student graduation;
- Have an average GPA, preferably, no lower than 7.5;
- Demonstrate English language proficiency at the B1 level or higher.

Applications are open throughout the year, and registration takes place during September and October.

---

## Master of Science Program (International Students)

### Admission Criteria

The Canadian Institute of Technology requires all international candidates to fill out an application form in order to be accepted in one of the Master of Science programs. An Admissions Officer will then contact you to provide further details about the pre-registration process and the required documents for this stage.

International students will be eligible for admission to one of the Master's programs if they meet the following criteria:

- Have successfully completed their studies and obtained the relevant 'Bachelor' program diploma from an accredited program at the time of their graduation;
- Have an average GPA, preferably, no lower than 7.5;
- Demonstrate English language proficiency at the B1 level or higher.

Applications are open throughout the year, and registration takes place during September and October.

International students are required to apply to the Albanian Education Service Center (QSHA) for the recognition of their diplomas.
